PREFACE

This book has pictured all buildings of our campus that whenever you look at it you will know what our school looked like in this your year's history.

This book has been arranged in three parts; Elementary, Junior High, and Senior High. This was arranged in this consecutive order so that you will be able to find yourself with your building or grade and with your fellow students, friends, and teachers.

We, the STAFF, believe that we have lived up to our slogan for this year, "A better than ever and a more colorful book."

Children in Kindergarten go to school only one-half day. They are divided into a morning group and an afternoon group. At mid-term they exchange time. The morning group goes in the afternoon and the afternoon goes in the morning.

These children had many nice treats by their room mothers with Mrs. H. E. Hood as chairman.

Sharon Youngblood and Sandra Haskett are showing these children how to decorate cookies in the Homemaking Department. Others you will see on page 28 and 30.

Kindergarten

MRS. W. L. ALLISON'S

The year's passing included lots of learning and fun. For Valentine's Day each child had a post office box and at party time he opened it to find it filled with Valentines from his friends and other goodies.

This year it rained on the day of the Easter egg hunt so the hunt was held in the room.

Room mother chairman was Mrs. Frank W. Hubbard.

Pictured at the right was a scene of gifts and refreshments at Christmas.

Look on page 29 to see another picture.

One activity that showed overwhelming enthusiasm in the fall was the collecting of rocks, leaves, and seeds. Other activities were watching tadpoles, rabbits, puppies and other pets. The first money from P.T.A., for most mothers present, went to purchase an aquarium and some fish. This provided opportunity for the children to write about their observations and gave them responsibility to care for the fish.

Room mother chairman for the year was Mrs. Rogers Hoyt.

Pictured at the left was a happy day, especially for Rebecca Lammert who found the golden egg that won her the white rabbit. On page 29 is another picture of this room.

Grade 1

MRS. R. W. LEGGETT'S

Back row: Ricky Hanna, Lynn Cardiff, Robert Moore, Rose Mary Orsak, Shirley Van Horn, Susan Bingle, Janice Alford, Mrs. W. R. Leggett, Belva Fussell, Alberto Garcia.

Not pictured: Florance Trahan, Lenwood Soape, Leon Ellis.

Twenty-one starry-eyed children awaited expectantly in twenty-one little desks in Mrs. Legget's room on the first day of school. They had come to learn reading, 'riting and 'rithmetic. Twenty-one starry-eyed children waved good-by with a look of satisfaction on their faces on the last day of school. As a whole, they felt their mission was accomplished. And they believed the gaining of these basic skills the most important thing they did!

Besides this, they carried on an interesting science program, making beautiful individual collections of rocks, leaves, seeds, shells and butterflies.

These children also enjoyed the usual round of party and refreshments with Mrs. Gordon Fussell as room mother chairman.

Pictured at left the children enjoyed making the small ceramic dishes which they glazed themselves for their parents' Christmas gifts.

Look on page 29 for another picture of this group.

As we came to the close of our first year in public school, we looked back and remembered a wonderful year. It's that way because we worked to make it so. Mrs. Marvin Brown and all our mothers made Halloween, Christmas, Valentine's Day and Easter real special days. Visitors who came by to say hello helped us enjoy; the gingerbread family, the musical Christmas tree, public school week, the egg tree, our stick horses, the setting hen, our tall grass zoo and our room award money.

These stick horses were made and rode to the rodeo grounds to see the animals on exhibit in the barns.

Turn to page 29 to see 2 other pictures.

Grade 2

MRS. MARGARET MULLINS'

Our room made a weather chart during the month of February in order to see if the story about the ground hog was true.

We had a wonderful Christmas party and tree. Mrs. Harold Freeman, room mother chairman, made all parties more enjoyable.

Everyone enjoyed our outdoor Easter egg hunt and weiner roast at Mrs. Perry Robertson's home Thursday afternoon before Easter. An egg rolling and a sack race were two of the most enjoyable events.

At 2:30, when the weather is good, recreation outside permits the children to play together as a room with the teacher coaching the games.

"The room mothers have given us four very nice parties. Mrs. Albert Peek was the room mother chairman."

MRS. J. E. BOULIGNY
Special Education

Special Education

Special Education is that form of education designed to meet the needs of educable children who cannot function in the regular classes of the public school without provision of services additional to or different from those provided in the regular program.

This is the first year we have had Special Education as an official part of our school program. Because of the number of students in the class we have begun with a half-unit, meaning that the students attend their special class for a half-day. Under the present set-up the children attend regular class during the other half of the day while their Special Education teacher is engaged in teaching classes in another part of the school system.

The children in this class are learning to read, write and use other basic language and number skills at their individual rate of ability and development. This is accomplished best when they are not competing with students who learn at a more rapid rate. Their social adjustment is promoted by their participation in regular classroom activities in the afternoon.

Special Education is one more step toward meeting the individual needs of the children of our community.

Additional Class Activities

Mrs. Mullins' class eating hamburgers in the cafeteria.

Homemaking girls, Jackie Monigold, Marjorie Paben and Donna Morgan helping Kindergarten decorate candies and cookies.

Class Activities

Lower left: The dolls of Santa's Workshop.

Above: The Snowmen sang, "I'm Frosty the Snowman."

These five pictures show only part of this excellent production by the elementary grades.

The story was that the spacemen landed on earth at Christmas time. The earth children show them what Christmas on earth is like. The spacemen are taken through Santa's workshop, to church, visit a family, visit Christmas in Texas, watch snowmen, visit the Lighting of the Menorah, and the Nativity.

Miss Hayes directed the program.

Eighth Grade Highlights of '60-'61

The eighth graders were fairly busy this year planning and taking part in a number of parties and events.

During the first weeks of school the eighth grade gave the seventh grade a party to climax Courtesy Week (See page 45). The object of Courtesy Week was to sharpen everyone's manners for the coming year. Posters were made and displayed reminding everyone to be on guard.

Eight C received a considerable number of honors this year. These honors have ranged from brains to brawn to beauty (?), or perhaps we should say lung-power. Class elections saw Danny Stanwood elected president, and Ronald Scott as vice-president. The new Junior High Student Council also was headed by Ronald Scott who conducted a vigorous pre-election campaign. The wizard of one class, Mike Fielder, competed in UIL ready writing, taking third place. Under the brawn section Roanld Scott and Martin Haskett were named co-captains of the football team. Karen Whitson, as head cheerleader, used her lung power to cheer on the team. Ronald Scott broke his arm.

Two very successful social events were had during this year. The first was the hayride which was loads of fun in spite of the rain . . . and what happened to James' glasses? The boys probably won't play "Wink" again after being treated so roughly by the girls. The second was the swimming party—this was really a big splash! Everyone enjoyed the swim and were all anxious to get those hot dogs after an hour in the pool. There were all kinds of diving exhibitions and it would be hard to say who took first prize.

The trip to KHOU television station was exciting. The station was looked over and two live shows were seen—a news broadcast and the Madge Conner Show. On the way back a stop in Memorial Park was for lunch.

Ruth Metzger broke her second toe.

Barbara Fiebig read 94 books.

Our basketball team won two trophies.

Linda Brown won majorette.

Peggy Cooper won 2nd in number sense. Others who entered were: Jane Drake, Tony Rylander, Mike Fielder, Linda Brown, and Susan Highrabedian.

Beverly Polan won two gold keys in art—Phyllis Barrett placed 2nd in art at Regional.

These weren't all the activities that went on during the school year but these were memorable . . . Oh, yes! There was promotion the last day of school which made us freshmen for next year.

This was the first year of a student council in junior high school. It came about as a result of a class panel discussion on "Should Junior High Students Have a Say So in School Government?" The idea was presented to Mr. Rhodes. It was approved. Both seventh and eighth grades were in favor by a majority vote. The president, however, would come from the eighth grade. Each eighth grade home room nominated a candidate for the office of president. The nominees were Susan Highrabedian, Tony Rylander, and Ronald Scott. After a great display of posters and ribbons by all candidates, Ronald Scott was elected president. Mr. J. E. Bouligny was sponsor.

Courtesy Week

During the week of September 19-23, the eighth grade sponsored a Courtesy Week for the junior high. During the week the students observed each other, then elected a Mr. and Miss Courteous from each grade. At the end of the week the eighth grade was host to the seventh grade at a Blast-Off Party where the Mr. and Miss Courteous from each room were announced.

CLASS HISTORY

The Sophomore class feels that they have had a very successful year. Our money-making projects, a Hobo Day and bake sale proved successful. If anyone refers to Sophomores as being beat they are talking about our class party, which was a combination Beatnik party and a hayride. Prizes were given to the boy and girl who looked the most like a beatnik.

The class sponsors for this year were Mr. Feeny and Miss Swogetinsky. The room mothers for the year were Mrs. V. J. Youngblood, Mrs. Ray Woods, Mrs. J. R. Bone, and Mrs. Morgan.

CLASS ACTIVITIES

1960-61 proved to be a most successful year for the Juniors. In preparation for the Junior-Senior Banquet and Prom, the class held a very profitable Hobo Day.

Highlighting the year's planning and efforts, the class chose and carried out the "Hawaiian Luau" theme for the banquet and prom. This night of "tropical splendor" will surely long live in the memories of both the Juniors and Seniors.

CLASS HISTORY

In looking back over the short year each one will have many additional memories to recall as he reads these:

The Katy Rotary Club invited two seniors to each meeting. Everyone felt that it was an honor, the food was good, and the programs were very interesting.

The class sponsored a reception after the Katy-Humble game. Was this the one the coaches will remember, too? They were part of the program.

A Kid party was given at Christmas time. Each came dressed as a kid complete with lollipops, all-day suckers, gum, beanies, balloons, and their toy animals . . . and guess who came to surprise the kids? Santa Claus! All the class was very grateful to the room mothers; Mrs. J. H. Griffin, Mrs. J. E. Hudgens, Mrs. M. E. Watts and Mrs. Leonard Steffens, for decorations, food, and fun—not only this party but on other occasions.

Two trips were made to the Shamrock Hilton. One to the International Trade and Travel Fair and one for a swim in the pool.

The Hawaiian theme Banquet and Prom was a reminder that the Juniors were honoring us.

The class had the high honor of having Dr. Durwood Flemming, president-elect of Southwestern University, as Commencement speaker.

The presentation of the diplomas was by Mr. O. E. Rhoads, School Board president.

The singing of "Auld Lang Syne" . . . for each one the moment to remember . . .
